

SPUDS MASHER IN WIFE'S HAND DISRUPTS HOME

Accountant Answers Challenge
By Filing Suit for Absolute
Divorce.

Striking him with a potato-masher, his wife smiled and said: "Well, what are you going to do about it?" according to John R. Clark, who, today filed suit for divorce in the District Supreme Court against Gertrude Clark. Mrs. Clark, he declares, is a "clever actor and has staged a wonderful act in setting forth the im-

pression that she is a terribly abused woman." The husband says he is a certified accountant earning \$75 a week. He charges his wife with misconduct. He asks for an absolute divorce, and wants an order from the court restraining his wife from selling their home at 8212 Conduit road. He declares his wife told him that "she put one over on him in the making out of the deed to their home to herself and not jointly to them."

The couple were married in this city on April 12, 1910, and have no children.

FEBRUARY DANCE OF K. OF C. IS POSTPONED

Announcement is made that Carroll Council Dancing Assembly, Knights of Columbus, has canceled the February dance, which was to be held in their new home on Tenth street on Friday evening.

This is being done as a token of respect and reverence for those who perished in the recent theater collapse.

Making Sales By Telephone

SOME months ago the manager of a South Bend corporation which handles Goodrich tires decided to try the telephone as an out-of-town salesman. The results were a revelation.

He talked personally to twenty-nine car owners; to eight of them he sold tires, and others promised to call at his place of business.

More than twenty-five per cent of the prospects called were actually sold. A sales letter which would produce such results would be considered a miracle.

Why not make your telephone a productive salesman? It pays.

O'CONNOR GIVES MEED OF PRAISE TO PHONE GIRLS

Columbia and North Ex-
changes Rendered Wonder-
ful Service, He Declares.

There is a great deal of praise due the telephone operators of the North and Columbia exchanges for their work during the Knickerbocker Theater disaster Saturday night, according to Caleb W. O'Connor, president of the Lions Club.

"I hope the telephone company, as well as the citizens of Washington, will make some formal acknowledgment of appreciation to the telephone operators who handled the mass of congested traffic, especially on the Columbia and North exchanges," Mr. O'Connor said.

"I believe their work can be spoken of in somewhat higher terms than just duty. In fact, I think it quite as heroic as those who struggled amid the ruins in Saturday night's disaster."

"It was through the efforts of the night force at North that we were able to apprise the Corby Company, Childs, the Willard, other hotels and restaurants, of the dire need of food and hot drinks for the men who struggled all night in the ruins."

"This need was met in glorious measure, and the rescue work thus facilitated, through a four-hour period of great stress, due to the patience and courtesy of the telephone employees."

"Gratitude is the least we can offer them."

D.C. COMMITTEE URGES PENSION BILL BE PASSED

Measure Would Increase Allot-
ments to 307 Police and
136 Firemen.

The House District Committee has reported the District firemen's and policemen's equalization pension bill with a recommendation that it be passed immediately.

Accompanying the bill was a report submitted by Representative Frederick H. Zihlman, author of the measure and one of the leading members of the District Committee.

"In 1916, Congress passed a law," says the report, "known as the Policemen's and Firemen's Relief Fund of the District of Columbia, and provided that one and one-half per centum of the monthly salary of each member; all fines imposed by the Commissioners of the District of Columbia upon members of the Police and Fire Department in the said District, by way of discipline; all rewards, proceeds of gifts and emoluments; and the net proceeds of sales of unclaimed property in the custody of the Property Clerk of the Police Department should be paid into the Treasury of the United States, and constitute a relief fund for the firemen and policemen of the District."

"It was further provided that any member of the two departments, who should become temporarily disabled by injury received, or disease contracted in the actual discharge of his duties should receive medical or hospital treatment, to be paid for from the relief fund; and that whenever any member should become so permanently disabled through injury received, or disease contracted in the line of duty, as to incapacitate him for the performance of duty, or, having served not less than twenty-five years, shall, for any cause, become so permanently disabled as to incapacitate him for the performance of duty should make written application and to be eligible for retirement."

"There was further provided that men, having reached the age of sixty years, could be retired by the relief board, and should be entitled to receive 50 per cent of the monthly salary received by him at the date of retirement."

"There was also provision made for the payment of a pension to widows and orphans of men in the two services."

443 Men On Rolls.

"There are 443 pensioners on the rolls, 307 members from the Police Department and 136 members from the Fire Department. Of this number 159 members of the two departments would be subject to the increase in their pensions carried in this bill, and the total cost to the District would be approximately \$41,804.16 per year."

The bill as reported to the House today provides that all policemen who were retired or pensioned prior to December 5, 1919, shall be entitled to the same rating and benefits and receive pensions equal in amount to the pensions now being granted or that may be hereafter granted to policemen retired or pensioned since the passage of the Act of December 5, 1919, and all retired and pensioned firemen of the District of Columbia who were retired or pensioned in accordance with laws enacted prior to January 24, 1920, shall be entitled to the same rating and benefits and receive pensions equal in amount to the pensions now being granted, or that may be hereafter granted to firemen retired or pensioned since the passage of the Act of January 24, 1920, and all such retired and pensioned policemen and firemen shall also be entitled to all pension benefits resulting from any and all increase in pay that may hereafter be granted by Congress to the policemen and firemen of the District of Columbia."

FILES BILL FOR \$3,000,000 SCHOOL BOND ISSUE IN MD.

ANNAPOLIS, Md., Feb. 2.—A bill which would submit to a voters of Baltimore county a proposition to float a loan of \$1,000,000 for county schools and \$2,000,000 for county roads was presented to the house yesterday by Delegate Tolle.

It is understood that the majority of the members of the Baltimore county delegation are against the measure as it stands, although the majority favor the school. The Baltimore county commissioners, however, as well as the county school board, are said to favor the bill.
